The North Platte Area Habitat for Humanity's goal of building three houses a year for families in need of adequate housing to purchase comes at a price. Many corporations, banks and businesses in North Platte have offered time, materials, and money to get these homes started. We need all of their help, and we need your help as well.

Several years ago we created the Carpenter's Club. Members agree to make a donation for each house built during the year. You do not pay now, you will be contacted when a new house is begun.

You choose your level of involvement – both dollar amount and the number of houses you wish to support each year. Whatever your pledge, it will be appreciated, not only by Habitat, but by the new homeowners as well.

*Thank you for your donation.*
